Fair and Personal Analysis

The concept of fair and personal analysis describes the extent of the choice of products and providers offered by an intermediary within a particular category of life assurance, general insurance, mortgages, and/ or a specialist area. The number of contracts and providers considered must be sufficiently large to enable an intermediary to recommend a product that would be adequate to meet a client's needs.

The number of providers that constitutes 'sufficiently large' will vary depending on the number of providers operating in the market for a particular product or service and their relative importance in and share of that market. The extent of fair analysis must be such that could reasonably be expected of a professional conducting business, taking into account the accessibility of information and product placement to intermediaries and the cost of the search.

In order to ensure that the number of contracts and providers is sufficiently large to constitute a fair and personal analysis of the market, we will consider the following criteria:

- the needs of the customer,
- the size of the customer order,
- the number of providers in the market that deal with brokers,
- the market share of each of those providers,
- the number of relevant products available from each provider,
- the availability of information about the products,
- the quality of the product and service provided by the provider,
- cost, and
- any other relevant consideration.

Life & Pensions/Deposits & Life Wrapped Investments

We provide life assurance and pensions on a fair and personal analysis basis i.e. providing services on the basis of a sufficiently large number of contracts and product producers available in the market to enable us to make a recommendation, in accordance with professional criteria, regarding which contract would be adequate to meet your needs.

We will provide assistance to you for any queries you may have in relation to the policies or in the event of a claim during the life of the policy and we will explain to you the various restrictions, conditions and exclusions attached to your policy. However, it is your responsibility to read the policy documents, literature and brochures to ensure that you understand the nature of the policy cover; particularly in relation to PHI and serious illness policies.

Specifically on the subject of permanent health insurance policies we will explain to you; a) the meaning of disability as defined in the policy;

- b) the benefits available under the policy;
- c) the general exclusions that apply to the policy; and

d) the reductions applied to the benefit where there are disability payments from other sources.

For a serious illness policy, we will explain clearly to you the restrictions, conditions and general exclusions that attach to that policy.
